WASTE MANAGEMENT AND ENVIRONMENT IMPROVEMENT MEASURES TO ENSURE A SUSTAINABLE GREEN CAMPUS

POLICY DOCUMENT TOWARDS GREEN CAMPUS INITIATIVES

KVPC is established 15 km away from town surrounded by farming fields. The institution is field with trees and beautiful garden. The initiatives towards the establishment of high quality environmental conditions are the prime motto of the institution. The institution ambience is so arranged in such a way that hygienic environmental conditions for congenial teaching learning process must be provided for the students registered in this institution. A Green Campus is where natural cordial practices and instruction consolidate to advance maintainable and eco-accommodating practices in the grounds. The green grounds idea offers an organization the chance to lead the pack in reclassifying its natural culture and growing new ideal models by making practical answers for ecological, social and monetary needs of the humanity. Cleanliness in and around the campus and waste minimization

- Water conservation and management including rain water harvesting, etc
- Using Energy Efficient Light Bulbs.
- Planting trees for preserving environment in campus.
- Complete Ban on polythenes at Campus.
- Digital Library.
- Institute Community Garden.
- College Automation Package

Greening the grounds is about clearing endlessly inefficient wasteful aspects and utilizing traditional wellsprings of energies for its day by day power needs, right removal dealing with, acquisition of condition well disposed supplies and compelling reusing program. Establishment needs to work out the time bound techniques to actualize green grounds activities. These techniques should be fused into the institutional arranging and planning forms with the point of building up a clean what's more, green grounds.

- Energy conservation
- Plantation
- Waste management
- Water management and other related issues.
