**Letter No: KVPC/AICTE/Projector/2024-01**  
**Sub : Projectors in Classrooms**

**DATE: 05.03.2024**

Nowadays classrooms have changed intensely with the advent of new technology. All the new technology equipments are used to improve the teaching and learning process more prolonged and interactive. Today, most of the teachers and learners desire to use multimedia projectors in their classrooms. There are several advantages that tends to make multimedia projector as the centerpiece of the classroom's advance enhancement technology to take classes in an effective way. Hereafter students no longer need to crowd around the Laptop or desktop computer monitor to view any multimedia presentations. Just one Projector aid impact on each and every multimedia presentation to engage students dynamically.

Here in this hub we will let you know some more benefits of the Projectors used in the classrooms. India is a developing country, not all the schools in India has implemented multimedia projector technology in their classrooms, but most of the schools in the metropolitan cities are using multimedia projectors in their classrooms. **Projector Dealers in Chennai** will offer latest projector models at affordable price rates.
